Year 9 - Me Presento

Choose one task from each area. You need to hand in six tasks by the deadline. You can hand in them in weekly if you prefer.

Vocabulary - Week 1	Create a word bank of key vocab for: family, physical description, personality, pets and relationships. You should aim for 10 words in each section.
	Create a word bank of adjectives and verbs related to the topic.
	Write the definitions of key words in Spanish and see if a friend can work out the words.
Grammar - Week 2	Create a poster that explains how 'go' verbs are formed in the present tense. You must include examples of how to use these in sentences.
	Create an activity that allows someone to practice conjugating regular present tense verbs.
	Write a poem or a song which relies on the present tense for structure / lyrics.
Speaking - Week 3	Write 15 questions in Spanish that you could ask someone about their family.
	Record a 1 minute conversation between you and friend, discussing yourself and your family in Spanish.
	Prepare and film a 1 minute presentation describing yourself in Spanish.
Writing - Week 4	Write two character profiles for two celebrities who are really uncompatible by comparing their personalities and likes/dislikes.
	Using the markscheme, look at the linked 40 word writing tasks and give them a mark. Give feedback to the student too.
	Create your own 90 word task and write a model answer.
Reading - Week 5	Read an article in Spanish about marriage, friendship or family and summarise it in English.
	Write five challenging questions about an article you have found about relationships in Spain and make an answer sheet to go with it.
	Read the sentences in the linked document. Write what you think the questions could be in English.
Interactive - Week 6	Access Seneca learning and complete half an hour of learning on the most recent topic we have covered in class.
	Complete 3 activities from Kerboodle.
	Watch the relevant podcasts on GCSEPod and create a word list.
Repaso - Week 7	Using your PLC, identify an area you need to revise. Create a revision resourece which will help you to work on this and then test yourself to check your knowledge has stuck.
